

Ihor Nechai

Front-End Developer

Summary

I am a dedicated and focused professional with experience in HTML, CSS, JS, React, Git, Node.js. I would like to use my skills acquired while successfully completing the GoIT Full-Stack Dev program and working in a network engineering environment to be involved as a Front-End developer. I have a perfect command of HTML, CSS, Vanilla JS, I also have knowledge of writing backends on Node (Express server), I learn quickly and never stop learning.
